Présentations des sessions COSMAL

Écrit par Romain Rouvoy
Mardi, 16 Avril 2013 14:28 - Mis à jour Mercredi, 17 Avril 2013 21:23

Journées du GDR GPL 2013 - Session COSMAL

1. *A Dynamic Component Model for Cyber Physical Systems* (CBSE'12) [article]
- F. Fouquet, B. Morin, F. Fleurey, O. Barais, N. Plouzeau, J.-M. Jézéquel

- *Using Feature Model to Build Model Transformation Chains* (Models'12) [article]
- V. Aranega, A. Etien, S. Mosser

- *Migrating Component-Based Web Applications to Web Services : Towards Considering a "Web Interfaceas a Service"* (ICWS'12) [article]
- C. Tibermacine, M. Lamine Kerdoudi

Journées du GDR GPL 2012 - Session COSMAL

1. *Towards Flexible Evolution of Dynamically Adaptive Systems* (ICSE'12) [article]
- G. Perrouin, B. Morin, F. Chauvel, F. Fleurey, J. Klein, Y. Le Traon, O. Barais, and J.-M. Jezequel

- *EScala: modular event-driven object interactions in Scala* (AOSD'11) [article]
- V. Gasiunas, L. Satabin, M. Mezini, A. Núñez, J. Noyé

- *Component-based Specification of Software Architecture Constraints* (CBSE'11) [article]

- C. Tibermacine, S. Sadou, C. Dony and L. Fabresse

Journées du GDR GPL 2011 - Session COSMAL

1. *From aspect-oriented requirements models to aspect-oriented business process design models: an iterative and concern-driven approach for software engineering* (AOSD'11) [article]

Écrit par Romain Rouvoy
Mardi, 16 Avril 2013 14:28 - Mis à jour Mercredi, 17 Avril 2013 21:23

   - S. Mosser, G. Mussbacher, M. Blay-Fornarino et D. Amyot

   - *Reactive Model-Based Control of Reconfiguration in the Fractal Component-Based Model* (CBSE'10) [
 article
]

   - G. Delaval et É. Rutten

   - *Leveraging software architectures to guide and verify the development of sense/compute/control applications*   (ICSE'11) [article]
   - D. Cassou, É. Balland, C. Consel, J. Lawall
